

JOURNALS SPONSORED BY ASBBS

The American Society of Business and Behavioral Sciences (ASBBS) publishes two interdisciplinary journals. Each journal is double-blind reviewed by anonymous referees having expertise in respective areas. All journals are listed in Cabell's Directories and ProQuest. Subscriptions to the journals are managed by EBSCO Publishers. The electronic copies are displayed on the ASBBS web site (this site) for one year, after which time each journal is archived for future reference. The hard copies of the Journal of Business and Behavioral Sciences and the Journal of Business and Accounting are also archived after publication and distribution. The link to each journal containing selection standards and criteria, ethical standards, editorial policies and page fee (publication fee) is provided below.

Journal of Business and Behavioral Sciences

The Journal of Business and Behavioral Sciences (“JBBS” or “the Journal”) is sponsored by the American Society of Business and Behavioral Sciences (ASBBS). The first edition of the Journal was published in 1996. The Journal is in its 37th edition. The Journal started as an annual edition but was occasionally published semi-annually in the Spring and Fall of each year. The Journal is published online as electronic publication as well as in hard copies with the following ISSN issued by the Library of Congress:

Journal of Business and Behavioral Sciences. Print edition: 1099-5374. Online edition: 1946-8113

Selection Standards and Criteria for Peer-Review Process: The JBBS is an interdisciplinary double-blind-reviewed journal. Papers in the areas of management, marketing, economics, finance, business ethics, legal studies and information technology are considered for review and possible publication in this journal. Papers should be submitted to the Editor-in Chief at the address listed below. There is no submission fee. The author or the contact author of a paper must certify that the paper for review has not been published in or submitted to another journal. Submit your paper in a single MS Word file. Include the title of the paper and complete information of the contact author including the email address on the top page. Prepare your initial submission typed in double space. Start the paper with a title followed by an abstract not to exceed 300 words. Immediately below the abstract, include 4 or 5 key words that describe the theme of your paper. Authors or contact authors of all papers will receive the review results within 6 weeks of submission. A paper will be published subject to its revision, if any, suggested by the referees and submission of publication fee. Authors of accepted papers will receive formatting information in the acceptance letter. An accepted paper must be typed in single-space as per the Guidelines of final submission. The page fee covers up to 15 single-spaced pages. Additional pages will be subject to a page fee. No paper may exceed more than 20 single-spaced pages.

Editorial Policies: The referee review process involves two independent reviews by anonymous referees having expertise in the subject matter. Two positive reviews are required for acceptance of a paper for publication in the JBBS. In case of a split recommendation, the paper will be sent to a third referee. A paper will not be accepted for publication if two of the three reviews are negative. When selected for review, the Editor-in-Chief of JBBS will send a paper (as received) to a referee along with a set of guidelines. These guidelines include clarity of research objective, research questions investigated, originality of thought, research methodology and contribution to the body of knowledge. Referees are given the option of sending their reviews in a file or recording their comments on the body of the paper. All referee comments are transmitted to the contact author as received. A page fee is required for the publication of all accepted papers. The page is \$400.00 for up to 15 single-spaced pages and \$50.00 for each additional single-spaced page. The maximum page limit for an accepted paper is 20 single-spaced pages. The minimum page fee is \$400.00. Authors retain the copyright of each published paper. The Editor-in-Chief maintains files of all reviews. The acceptance rate for the JBBS ranges between 15 and 22 per cent.

Retraction/Correction Policy Even though it is rare, if a published paper requires correction or retraction, the Editor-in-Chief will provide details of the case to the contact author for resolution of the problem to the satisfaction of both parties. Upon deliberation by both parties, the paper will be corrected or retracted.

Subscription and Archival: The subscription fee for online publication of the Journal is covered by the page fee of the JBBS. Upon publication, an author or a contact author will receive a complimentary copy of the print edition of the Journal. An additional copy of the print edition may be sent to the contact author for a fee of \$50.00. Such fee must be included with the page fee with the submission of the final formatted paper. After publication, the electronic copy of the JBBS is posted to the ASBBS web site for one year. The Editor-in-Chief of the JBBS is the contact person for the Journal and all correspondence should be made to the following address:
